

PRESS RELEASE

April 2008

On behalf of:

Shimu

Presenting the Wonderful New Showroom from Shimu The Orient arrives in style in the World Heritage Site of Saltaire Village

I can highly recommend a visit to the superb new 1500 square foot showroom of Shimu. The two floors are stylishly furnished with many pieces from their classical Chinese furniture range as well as an assortment of their Chinese antique furniture pieces. The lower floor boasts a fully furnished dining room & bedroom, beautifully displaying the furniture along with specially selected soft furnishings and accessories.

Shimu has selected an impressive site for the showroom too, located on the main high street in the picturesque village of Saltaire. Built in the 19th Century by Sir Titus Salt to house his workers, the imposing textile Mill still remains today but now houses shops, restaurants and a permanent David Hockney exhibition. This charming village has lots to offer the weekend visitor so make sure a visit to the Shimu showroom is on the top of your to-do list!

Seeing the vast range of furniture showcased in such a way, it is easy to see how the style fits in with both contemporary and traditional homes. The lucky residents of Saltaire have a real treat on their doorstep, and fortunately for the rest of us all is available to view and buy online.

Address: 3 Victoria Road, Saltaire, Shipley, West Yorkshire, BD18 3LA

Open: Tuesday to Friday 10.00am-5.00pm

Saturdays 10.00am-4.00pm
